

See what's possible™

Standard Textures

DISTINCTIVE CHOICES, WIDE APPEAL

ADD VALUE TO APPLICATIONS

- Doors
- Walls
- Partitions
- Bath/shower enclosures
- Retail displays and fixtures
- Furniture and casegoods
- Surfaces and tables

PRODUCTION

Patterns are imprinted by pressing semi-molten glass between two metal rollers

FABRICATION

All standard textures can be cut, fabricated, tempered, laminated and back-painted

Guardian standard textures offers distinctive glass choices that add visual interest to any design. Our unique patterns create a subtle shifting of light for the perfect combination of enhanced beauty and variability in light control. Differing levels of opacity can create confidential spaces for offices, hospitals, residences and other settings.

GUARDIAN STANDARD TEXTURES

Add depth, drama and degrees of privacy

With our options at your fingertips, you can find a standard glass texture for virtually every application and aesthetic, from traditional to modern. Perfect as a primary element or when used to highlight other design features, standard textures are available in a wide range of options and at an exceptional value.

Guardian standard textures can be combined with other interior products to add beauty and performance for shower protection, sound control, privacy, light control, or safety and security.

THE GUARDIAN STANDARD TEXTURES OFFERING

BUBBLE

Bubble textured glass evokes a sense of trickling rain drops.
